Date: Dec 06, 2024  
Subject: REACH Inquiry

Dear Valued Customer,

The purpose of this message is to acknowledge receipt of your request for REACH compliance information from Korry. We are aware of the obligations set forth under Article 33 of REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) regulation concerning the communication of information on substances of very high concern (SVHCs) in Korry products.

At Korry, we are committed to ensuring compliance with REACH requirements and prioritize the safety and environmental impact of our products. We continuously assess our supply chain to identify any SVHCs and evaluate their implications for our products. As part of our compliance strategy, we maintain transparent communication with our customers and supply chain partners. To support these commitments, we strive to provide the necessary information regarding the presence of any SVHCs in our products upon request.

We appreciate your cooperation and understanding as we work together to uphold the principles of REACH. Your request will be processed and returned to you after a short delay. If you have any questions or need further information, please feel free to contact us through our Customer Service department.

Sincerely,

Ariel McFalls  
Materials Engineer
