## ENVIRONMENTAL AND SAFETY

Korry's environmental policy is accessible at: https://www.korry.com/Quality
Korry has an internal safety webpage for employees to access.

Korry has an environmental, safety and health management system that is consistent with local, state, and federal regulations. Employees receive both environmental and safety training. All workplace injuries and incidents are recorded. Environmental and safety and health procedures are documented and maintained on Korry's internal safety and environmental website. Korry is not seeking ISO 14000 or OHSAS 18001 certification at this time.

Korry has a written business continuity and disaster preparedness plan.

The products of Korry are in compliance with EU Directive 1907/2006 on the Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH). For REACH requests contact korry.sales@korry.com.

Korry currently manufactures products that are considered Monitoring and Control Equipment under the Restriction of Hazardous Substances (RoHS) Directive issued by the European Union in 2003. As a result, they are currently exempt from the requirements of the directive.

## CONFLICT MINERALS

For conflict mineral requests contact korry.sales@korry.com.

## EBUSINESS POLICY

"Korry will participate with stakeholders in *e*Business according to the Aerospace Industries Association's (AIA) standardization framework. Korry will adhere to AIA standards for all forms of *e*Business, including shopping cart business interactions. Where the AIA framework will not meet needs, Korry will determine its position on a case-by-case basis, until the AIA framework is operational. The *e*Change Control Board will determine if *e*Requests are in the best financial interest of Korry."
